

OFFICE OF THE SECRETARY
GENERAL SECRETARIAT

NEW DELHI

Reference is made to the letter of the Ministry of Defence, dated 10.12.1974, regarding the subject mentioned above.

PROCEEDINGS OF THE JOINT MILITARY COMMISSION

1. The Joint Military Commission was constituted on 15.12.1974 to inquire into the charges against the accused mentioned in the Annexure to the letter of the Ministry of Defence, dated 10.12.1974.

2. The Commission held its first meeting on 20.12.1974 at New Delhi. The members present were the Chairman, the Members and the Secretary to the Commission.

3. The Commission has heard the evidence of the witnesses and the accused and has completed its proceedings on 15.1.1975.

4. The Commission has found that the charges against the accused are proved and the accused is guilty of the charges.

5. The Commission has recommended that the accused be punished with the minimum sentence prescribed by law.

6. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

7. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

8. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

9. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

10. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

11. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

12. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

13. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

14. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

15. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

16. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

17. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

18. The Commission has also recommended that the charges against the accused be proved and the accused be punished with the minimum sentence prescribed by law.

ORDER IN APPEAL

The present two appeals have been filed by the Appellants (hereinafter referred to as Appellant No. 1 to Appellant No. 2) as detailed in the table below against Order in Originals, In/EXCISE/DEMAND/ 8-18 dated 7.07.2018 (hereinafter referred to as the impugned order) passed by the Assistant Commissioner, Central GST, District Bhav Nagar - 2, Bhavnagar (hereinafter referred to as the lower adjudicating authority):-

Sr. No.	Appeal No.	Appellant No.	Name of the Appellant
1	V2/22/By V2018-13	Appellant No.1	M/s. Vijay Steel, 207-208, GIDC-II, Sitor, District: Bhavnagar.
2	V2/22/By V2018-13	Appellant No.2	Shr. Kunalal Rameshwardaya G. Sha, Partner of M/s. Vijay Steel, 207-208, GIDC-II, Sitor, District: Bhavnagar.

2. The brief facts of the case are that Appellant No. 1 was indulging in clandestine removal of excisable goods and hence, search was carried out by the department on 03.05.2018 wherein the physical stock of finished goods viz. MS angles of 35.45 MTs was found and as per record it was shown in Daily Stock Account Show Cause Notice No. V2/540/Demand Vijay Steel/ 8-17 dated 03.06.2018 was issued along with directions regarding the clearance of goods and proposing course of recovery of Central Excise duty of Rs. 35.45,368/- to Appellant No. 1 under the proviso to Section 11A(4) of the Central Excise Act, 1944 (hereinafter referred to as "the Act") along with interest under Section 11AA of the Act; imposition of penalty of Rs. 1,10,108/- under Rule 26(1) of the Central Excise Rules, 2002 read with Section 11A(2)(a) of the Act. The SCN also proposed to impose penalty under Rule 26(1) of the Rules under Appellant No. 2.

3. The SCN was adjudicated by the lower adjudicating authority with the impugned order under which demand of central excise duty of Rs. 35.45,368/- was made under Section 11A(4) of the Act along with interest under Section 11AA of the Act, penalty of Rs. 35,45,368/- was imposed under Rule 26(1) of the Rules read with Section 11A(2)(a) of the Act with benefit of reduced penalty as envisaged under proviso to Section 11A(2)(a) of the Act and penalty of Rs. 1,10,108/- was imposed on Appellant No. 2 under Rule 26(1) of the Rules.

4. Being aggrieved with the impugned order, the appellants have preferred the present appeals, inter alia on the grounds as under:-

(a) The impugned order is not proper, legal and correct as the same has been passed on the basis of the assumptions/presumptions; that it is general practice prevalent in India that the stock of the manufactured goods is being accounted for in the Daily Production Register or approximately using that the quantity of

final products manufactured by the Appellant was depending upon the nature of the melting waste and scraps of Iron and Steel products, produced by them from various Ship Breakers of 58th Azadganj, Delhi; that in the said concerned strips were heavily rusted or deteriorated due to sitting in a factory for a long time; the quality of raw materials varied from ship to ship having no fixed percentage of utilization of the final products; that the Government has not prescribed any statutory manner how to maintain the Daily Production Register (DPR) and hence, the weight of raw material while feeding into the "Furnace" having 1100°C temperature and hence, waste and Scraps of Iron and Steel products accumulated/stockpiled to get the finished products; that the disputed short stock was negligible and found only due to the reasons that the stock of manufactured goods during the day was being maintained by considering the weight as 8% or 12% approx. and hence, allegedly stock was not being in the factory; but they cannot maintain books of account, that the quantity of finished products was always being entered into Daily Production Register and quantity of the raw material was also being ascertained on approximate basis; that balance incurred on value to the artificial calculation, which was ascertained by Appellant's accountants; they relied upon case law of the Hon'ble Tribunal in case of Prakash Industries Ltd. reported as 2017 (588) EOT 1139 (14 Del); that there are, the allegations made in the show cause notice and demand.

(ii) The appellant had closed their manufacturing activities from 20.01.2016 due to financial circumstances of the company and fluctuation of the market.

(iii) The Bank Officers (Joint Cashiers) Appellant issued inspection report after physical verification of stocks of raw material as well as finished goods for receiving fund by the Appellant, that confirms the shortage was not beyond. Appellant was involved in evasion of Central Excise duty.

(iv) It was alleged that shortage of physical stock of finished goods found in the factory was 1088.705 MTs., however, the complainant has not produced any evidence or clandestine receipt of the raw materials from which the finished goods under dispute were manufactured; that the complainant has not stated that the Appellant procured raw material clandestinely during the period under dispute.

(v) The appellant maintained stock of raw material register as well as Daily Production Register was being maintained on approximate basis; that the authorized CA of the Bank has never reported regarding the burning issue; that only the physical verification of the stocks was undertaken with reference to the stock of the finished goods shown in the account, that how the stock of the

Finished goods had never shown in the records had not been verified by the AO of CBEC. The AO has not verified the physical verification; the even, the Central Excise document had never reported about the quantity used; that in the steel industry, the burning loss is too high; that if the burning loss of raw materials is very high, then the cost of the final products will increase as per market conditions; that this factor has been ignored by the lower adjudicating authority; and the charges confirmed without any demonstrative impact of taxation system.

(ii) That the AO has not on basis of stock verification report of the Bank Ltd. which is final evidence that the burden to prove clandestine removal is on the department, which has not been proved.

(iii) That the department has not furnished calculation as to how it has worked out the evasion of Central Excise duty to the tune of Rs. 15,45,368/-; that the department has not worked out calculation to be worked out by considering tax liability of finished goods; that each and every transaction is required to be considered to work out the duty liability with reference to the transaction value as provided under Section 4 of the Central Excise Act, 1944; that the department has not shown any evidence to justify the rate taken to determine the duty liability of Rs. 25,45,368/-; that the average value is not justifiable without any material evidence; that the value of Iron & steel products always fluctuates on daily basis; therefore, the value assessed by the department for evasion of Central Excise duty of Rs. 25,45,368/- is not justifiable.

(iv) That the statement dated 07.02.2017 of Shri N. C. Jaisankar, Joint, Section Manager (JSM), R. M. M. E. Department, Administrative Building, 2 - Floor, Mittal Bhujji Chowk, Bhavnagar is not corroborative evidence; that it was practically not possible to weigh all the finished goods on the date of visit to get exact quantity of finished goods and hence, average weight was taken; that statement dated 07.02.2017 of Shri Manoj P. Gohil, CA is also not relevant as he clearly stated that they have not carried out weighing of entire stock of finished goods lying in the factory premises. Therefore, the assessed demand issued on the basis of the figures shown in the Daily Production Register is not justifiable.

(v) That the department has not disclosed as to which firm has been suppressed by them with a view to evade payment of Central Excise duty; that the Appellant has always disclosed the true facts in the periodic monthly EX-1 Returns, EX-6 Returns and the filed yearly returns showing receipt of raw materials, goods manufactured and the goods removed along with particulars of payment of Central Excise duty; that the Appellant had not concealed any of the transactions

of Central Excise Law, therefore, the Appellant is not liable for penal action as proposed under Rule 70(1) of the Central Excise Rules, 2002 read with Section 11A(1)(a) of the Central Excise Act, 1944.

(v) The demand of Central Excise duty of Rs. 25,45,338/- is not justifiable in the eyes of Central Excise Law, for M/s. A. S. Steel Industries (Goods) Pvt. Ltd. is not liable for penal action under Rule 70(1) of the Central Excise Rules, 2002.

(vi) The case laws as referred in the impugned order are not applicable in the present case as the lower and assessing authority has not followed norms of principle of natural justice as he did not consider the case laws referred by them as under:

Order No. A/11035-136/2015 dated 14/07/2015 of the Principal Officer, Ahmedabad in the case M/s. Rajrang Castings Pvt. Ltd.,

- Oni & Jain, or Pops. Ltd. - 2011 (311) FT 331 (Tri. Ahmed.)
- Ramnandevi Steels Pvt. Ltd. - 2017 (343) ELT 128 (Tri. Del.)

- Akshay Rolling Mill Pvt. Ltd. - 2016 (347) ELT 277 (Tri. Kolkata)
- Tansa Ste Pains - 2013 (387) ELT 209 (Tri. Del.)
- Jay Shank Sleepers Pvt. Ltd. - 1997 (77) FT 835 (Tri. Ahmed.)
- Raykey on Synthetics - 2005 (158) FT 307 (Tri. Del.)
- Shree Sidhee Steel Ltd. - 2017 (357) ELT 724 (Tri. Mumbai)

4. The Bench comprising in the matter was headed by Ben. J. K. Maru and Ben. G. H. Qureshi, both benches were, who referred the grounds of appeal and also made written submissions and submitted that there are no evidence against them for warehouse clearance but no paper stock being shown due to bank overdraft/loan facilities that exist may be allowed.

4.1 The Appellate Bench later dated 15/14/2019 made written submission stating, after also saying that they referred the authorities made in the appeals and further stated that the burden lies on appellant depending on the evidence which will be forthcoming before that a Certificate dated 16/14/2019 of a registered Chartered Engineer submitted by them that they further relied upon following case laws:

- 2019 (336) ELT 405 (Tri. Ahmed.) - Rajrang Rolling Mills
- 2015 (317) ELT 285 (Tri. Mumbai) - Tansa Rolling Pvt. Ltd.
- 2015 (318) ELT 175 (Tri. Del.) - Sleepers Dept. Ltd.
- 2015 (322) ELT 723 (Tri. Del.) - Oni Steel Rolling Mills
- 2017 (357) ELT 624 (Tri. Chand.) - Synthetic Structures Pvt. Ltd.
- 2016 (337) ELT 311 (Tri. Chand.) - S. S. Steel Structures Pvt. Ltd.
- 2016 (343) FT 365 (Tri. Del.) - Steel Stee. Industries
- 2007 (217) FT 455 (Tri. Del.) - Maharashtra Steels Ltd.

Findings:

5. I have carefully gone through the facts of the case, the impugned order and the grounds of appeal made by the appellant in the Appeal Memoranda and

written as well as oral submissions made by them. The issue to be decided is whether the impugned order, in the facts of this case, conferring demand and imposing penalties on the Appellants is correct or otherwise.

6. I find that the appellants contended the impugned order on the grounds that the shortage of finished goods of 1098.705 MTs was found as per Return Form dated 03.09.2015 because they maintained daily stock accounting statement on approximate basis and not on the basis of actual quantity that there was buying loss was only 5% to 7% and the same was also corrected by various adjustments. The impugned order has been passed only on assumptions and presumptions and therefore, is required to be set aside.

7. I find that it is an admitted fact on record that on day of search shortage of physical stock of the finished goods to the tune of 1098.705 MTs, when compared to the daily stock register, is found. And that entries of the finished goods available in the factory in the daily stock account register and B-1 Return filed by the Appellant No. 1 for July, 2015 was 1090.735 MTs, whereas only 2009 m. a. quantity of the finished goods was physically found in the factory at the time of search on 03.09.2015. I find that Appellant No. 1 has been filing monthly periodical stock statements/reports showing inventory of raw materials and finished goods, book debts etc. with the respective banks for the purpose of remittance. These statements/reports were prepared on basis of Books of Accounts and Records/Registers including central stock records maintained by Appellant No. 1. During investigation, statement of Relation Manager (RM) of BSL, Chavmagar and Chartered Accountant, appointed by the Bank were recorded, as per details in contained in Para No. 3.8 and 9.8 of the impugned order as under:

3.8. Further, I find that Chartered Accountant, Chartered Accounting Co., P. G. Hemant & Co., Chavmagar in his statement dated 07.07.2015 has justified the methodology of quantification of stocks and there was only marginal difference in quantities of finished goods reported by the Appellant in their monthly stock statement submitted to bank and physically verified by bank.

9.8. I find that also Chartered Accountant, Relation Manager (RM), BSL, Chavmagar in his statement dated 02.09.2015 admitted that bank officer, associated with partner/authorized person of Appellant No. 1 firstly verified the last stock statement with entries in books and records including those maintained for the purpose of central stock and/or statutory controls, to ascertain correctness of stock statement filed by Appellant mentioning physical portion of stock of raw materials, finished goods and spare & tools are being taken and consistent as per detail of last stock statement by adding therein and deducting there from subsequent receipts and deliveries as recorded in their books/Registers. These quantities of stock are then physically verified and discrepancy, wherever found, is being reported in the Return Form Report.

6.2 In view of above, I find that the Bank Officials and Chartered Accountants had physically verified the stock of the finished goods and found as per the records maintained by Appellant No. 1 including records as prescribed under Central Excise Act and rules framed thereunder. I find that these facts have affirmed by Appellant No. 2 vide his statements dated 04.09.2015 and 13.02.2017; that Appellant No. 2 (Partner of Appellant No. 1) has categorically admitted, on 03.09.2015 before the Bench that physical stock of the finished goods was available 2,000 M.s. only in the factory premises instead of 10,000 M.s. MTTs. as shown closing stock of TR- for the month of Aug. 2015; that 5 Perches was dated 03.09.2015 drawn at factory premises, office premises and residential premise along with seized documents were perused by Appellant No. 2 and he agreed with the content narrated therein. These are admitted facts by Appellant No. 2 (Partner of Appellant No. 1) in his statements dated 04.09.2015 and dated 13.02.2017 and admitted facts need not be proved as held by the Honble Tribunal in the case of *Aux Industries reported as 2008 (230) T.R. 73 (Trib. - Mumbai)*, wherein the Honble Tribunal has held that "Statements by proprietor and his employees which were never retracted are sufficient evidence as statements of confession by individuals - Confessional statement before Customs Officers is admissible and binding - Allegation that the statement obtained under duress and coercion requires evidence, which has not been done - Suspension duty of Director of Rs. 75 lakh towards an issue unit is of no use as the Director and Managing Director bear ultimate duty liability on behalf of all issue units - no need of authorization as they have not given any information otherwise".

6.3 I would like to further rely on an order passed by the Honble CESTAT in the case of *Dimple Salsaria reported as 2008 (216) E.L.T. 1009 (Trib. - Chennai)*, wherein it has been held that "Inadmissible remark - Evidence - Confessional statement - Retraction of partners admitted manufacture of goods and clear the name without payment of duty - Retraction made in April-2000 of earlier statements made in May, 1999 is not believed to be exercised as genuine - Confessional statements would hold the field no need to search for evidence". In the case of *Karur Engg. Works. vs. Commissioner Central Excise, Kollam reported as 2004 (108) E.L.T. 373 (Tri. Del.) wherein Honble CESTAT No. 1007, held that "evidence - Admission - Admissibility - Issue on evidence - Issue on evidence which can be used against the maker - I find that no evidence against the appellant have not been retracted by the Appellant".*

6.4 In view of above, the requirements of the Appellant about shortage of finished goods found here as of maintained daily stock register on approximately basis would be no weight loss since 6% to 10% during the

manufacturing process is not feasible. The valuation affidavit filed by appellant is being filed as an attempt to substantiate the quantity of finished goods clandestinely removed as due to higher weight loss during manufacturing process. The statements of appellant No. 2 have not been reinforced by depositions and the statements have sufficient evidentiary value, which cannot be rebutted only by bare arguments and value affidavit. Therefore, I hold that a value of 1038,706 was a stock of the finished goods found on 23.09.2019 was because of clandestine removal by the appellant. I find that the entire facts of the case in removal of goods were kept hidden on one during the entire proceeding, not maintaining proper accounts of finished goods and suppressing the facts of actual clearance of finished goods in B-1 Returns which tantamount in mis-statement and suppression of facts from the department with intent to evade payment of central excise duty.

7. The appellant also argues that the department wrongly worked out duty liability by considering average value of the goods. The order adjudicating liability worked out duty liability only liability under Section 4 of the Act. As it is held above, the appellants had cleared the finished goods clandestinely without cover of any list documents and therefore, the value of dutiable goods to be determined as per Section 4 of the Act read with Rule 2 and Rule 4 of the Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2000. I would like to reproduce the said Section 4 of the Act, which is as under:

Section 4. Valuation of excisable goods for purpose of charging of duty of excise. - (1) Where under this Act the duty of excise is chargeable on any excisable goods with reference to their value, then in such removal of the goods, such value shall

- a. in a case where the goods are sold by the assessee, for delivery at the time and place of the removal, the assessee and the buyer of the goods are not referred and the price in the sale consideration for the sale, be the transaction value;*
- b. in any other case, including the case where the goods are not sold, be the value determined in such manner as may be prescribed."*

Rule 2 and Rule 4 of the Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2000 are as under:

Rule 2. The value of any excisable goods shall, for the purposes of a sub-section (1) or Section 4 of the Act, be determined in accordance with these rules."

Rule 4. The value of the excisable goods shall be based on the value of such goods as sold by the assessee, for delivery at any other time nearest to the time of the removal of goods under assessment, subject, if need shall, to such adjustment on account of the difference in the status of delivery of such goods and of the excisable goods under assessment, as may appear reasonable to the proper officer."

7.1. In view of above, value of the goods removed without valid document would be the value of such goods sold by the appellant for delivery at any other

time nearest to the time of the removal of goods under assessment). In the present appeal, I find that the lower adjudicating authority has rightly and correctly taken into account the value of the finished goods as per Section 4 (1) (b) of the Act read with Rule 3 and Rule 4 of the Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2006 and thus, correctly determined central excise duty liability of Rs. 35, 5,368/- vide impugned order.

7.2 It is settled law that in cases of clandestine removal, department is not required to prove the facts with mathematical precision as have been held by the Hon'ble Andhra Court and Hon'ble High Courts in many judgments including in the cases of *Shah Cuman Mal* (reported as 1988 (13) EIT 548 (SC)) and *Refect Textiles (India) Pvt. Ltd.* (reported as 2009 (205) EIT 587 (SC)). I find that the department has adduced sufficient evidences to establish that Appellant No. 1 & 2 were actively engaged in clandestine removal of the goods and therefore, the said law is not applicable by the appellants and it is held to their

7.3 I further find that Appellant No. 1 & Appellant No. 2 have intentionally adopted unlawful means to evade payment of central excise duty and their evasive mind and measures are clearly established. Therefore, I hold that Appellant No. 1 & 2 have indulged intentionally in removal of excisable goods in clandestine manner with intent to evade payment of central excise duty as held by the impugned order. In view of above, I hold that Appellant No. 1 & 2 are liable to pay Central Excise duty of Rs. 35,53,368/- under Section 4 (1)(b) of the Act along with interest at applicable rate under Section 11A of the Act and Appellant No. 1 is liable to penalty equal to Central Excise duty under Rule 25 of the Rules read with Section 11A of the Act.

8. Regarding penalty imposed under Rule 25(i) of the Rules of Appellate No. 2, I would like to reproduce Rule 25(i) of the Rules, which reads as under:

RULE 25. Penalty for certain offences. (i) Any person who knowingly possession of or is in any way concerned in transportation, removal, depositing, keeping, concealing, selling or purchasing, or in any other manner deals with, any excisable goods which he knows or has reason to believe are liable to confiscation under the Act or these rules, shall be liable to a penalty not exceeding the duty on such goods or two thousand rupees, whichever is greater;

Provided that where any proceeding by the person liable to pay duty have been concluded under clause (a) or clause (b) of sub-section (1) of section 11A of the Act in respect of duty, interest and penalty, no proceedings in respect of penalty against other persons, if any, in the said proceedings shall also be deemed to be concluded.

(Emphasis supplied)

8.1 Appellant No. 2 has contended that the lower adjudicating authority failed to correctly appreciate the facts of this case and has wrongly imposed penalty on

him under Rule 26(1) of the Rules. I find that Appellant No. 2 was the key person of Appellant No. 1 in his capacity of active partner and was directly involved in clandestine removal of goods. He was looking after day-to-day functions of Appellant No. 1 and was discharging himself in matters related to excisable goods including manufacturing, storage, removal, transportation, selling etc. of such goods, which he was knowing and had reason to believe that they were liable for confiscation under the Central Excise Act, 1944 and rule 26(a) here in. Therefore, I find that imposition of penalty of Rs. 3 lakhs upon Appellant No. 2 under Rule 26(1) of the Rules is proper and justified.

2. The order of recovery, upheld the impugned order and dismiss both appeals.

3. अतिरिक्तमें इसे खर्च भी नहीं करनी का विकल्प का शिर्षक दी किसे रोकिया जाता है

4. The appeals filed by the Appellants stand disposed off in above terms.
