The subject appeals are filed by Assistant Commissioner. Control Excise Division. Bhacket (hereinafter referred to as the appealant) or the department () squinst Order in Original No. 02/2017 and Order in Original No. 03/2017 both (cost 03.03.2017) (hereinafter interiod to as "the Impugned Guera") pessed by the Assistant Commissioner, Central Excise Division, Bracket (hereinafter referred to as "adjudicating authority") in the case of Mys Brishat Petroleum Corporation Ltd., Charlinhar, Kandia (hereinafter referred to as the respondent). Since the facts of actio appeals are sommon, the decision is being taken through common proceedings.

- The fects of the case in brief are that the respondent is registered under Rule 20 of Central Excise Rules, 2002 (hereinafter CLR-02) for receipt and stratege of petroleum products viz. Motor Spric (MS), High Speed Diesel (HSD) and Superfor Korosene OI (SKD) and subsecured decreases to other Oil Merketing Comments (OMCs) and other outforwars. The respondent has its own dealers through which they sell their products to end consumers. Apaid from this, the respondent is selling the petroleum products to other GMCs namely fOCI and HECL. The respondent was adapting two cirterent values for the purpose of paying central excise outvitio. (1) for sale to their die ers and (II) for sale to other OMCs.
- The concept of Administered Priding Mechanism (APM) was dismantical from I A.2062 and the GMCs were rine to the the setting price of products. Accordingly, GMCs encoracilities an agreement dated 31.03.2002 by which a company producing till would supply the same to another company having till elimenrest marketing facility. It was observed this, the price at which the product was sold to OMCs was based on Import Parity Price (IPP) and thus the assessable value at which duty was being discharged in case of OMCs was lesser than the assessable value for sale to devices and other customers. It was further observed that the price agreed upon to terms of the above egreement was not et an arm's length 4 bit disn't confirm to the

5m\_---

transaction value as defined under Soction 4(1)(a) of Control Excise Act, 194% (hereinsides CLA, 194%).

- 4. Buring sometry of LR-1 filed by respondent under Rule 12 of CFR 02, it was changed that tady had wronger assessed the value and determined the (entity) codes duty by under valuing the goods cleaned to an GMC, et a lower rate than the sate to their worldae are and thoraby they had not paid central excise duty on the differential value.
- 5. Amendingly, following show cause notices were issued to the respondent prohosing monotory or differential cardra excess outy under Section 11A of the CDA, 1944, on charance of Motor Spot county the bened from June-2002 to Navember-2002. The SCN also proposed recovery of Interest under Section 11A3 and penalty under Section 11A5 of the CSA, 1944. The said show parely notice was adjudicated by the adjudicating authority wide impugned order wherein he prooped the demand by rolying upon the decision of CDS A1 in the case of HMCL vs CCL Visakhapatham-1-7005 (187) RSS AVS and Board's Instruction No. 06/21/2000-CDS.1 (north) dator 14.02.2807.

- 6. Aggreered with the imprigned provise the desertinent field above mentioned appears on the following grounds:
  - (i) The edjudicating authority decided the matter relying upon the judgement of flor ble Tribunal in the case of HPCL vs. CCF, MRakl apamein-(-2005 (187) FLT 479 and in view of Board's Instruction wide F. No. 05/21/2003-0...x.L dated 14.07.2007. However, the said circular has been withcrawn by the Board on the basis of decision in the case of Mys BPCL vs. CCF, Nasik-2009 (242) LL. 358 Tilvide Board's Checker No. 910/02/2010 CC dated 3.2.2010.
  - (6) In another case on the same subject in the case of Mys BPCL vs CCF, Nasik-2009 (242) FIT 356 T, the Hamble DESTAT has decided the case in favour of department and Mys BPCL has tred the appeal in Hamble Supreme Court which is still pending. Accordingly, the field formation when directed to consign all the pending show cause action on the issue to the call book.

pending a final verdict from the Styrense Colot. Therefore, the order possed by adjudicating euthority open not appears to be legal and preper and required to be set eside.

- 7. The respondent Field cross-objections dated \$8.09.7316 against from the department appeals, wherein they have contended that:
  - (i) The department appeal on issue involved has been dismissed the Hon'ble Subrome Court twice and the issue is no more restintegra. First time on URL01.2006- the department appeal against CLSTAT Bangalore decision in the case of HPCL vs CC9, Visakhapatham-1 imported at 2005 (187) 8.1.1. 479 has teep dismissed by Hon'ble Supreme Court as reported at 2005 (196) 8.1.7.472 (50).
  - (ii) Second time on 10.17.2010 the descriment expeat against CESTAT, Bangalore decision in case of CCF. Cechin vs Kachi Refinery Ltd. 2011 FLCI -276-CESTAT Bangalore has been dismissed by Henible Septemb Court as reported at 2015 (320) F.L.T. A33 (S.C.).
  - (III) Herce, adjustrating authority by relying on HPCL case (2005) (187) E.L.T. 479) has correctly and properly possed the OCO No. 62/2017 and 03/2017 authority detection of Portible Supreme Court is binding on the lower edged cating authorities.
  - (iv) The decision of CESTAT. Mumber in DPCL vs CCL, Nasik as reported in 2005 (242) E.L.F. 256 (Tri-Yumbar) clearly dissented by CESTA is while codding following cases in favour of assessee efter considering Horible Supremo Count decision.
    - (a) = IOCL vs CCL GOA -2009 (200) SEL 702 (Fri-Mumbs)).
    - (b) CCL Cochim vs. Kochi Refinery (ed.-2011 TKB -275 CESTAT-Rangatore. Department appeal against this decision has been dismissed by Horfale Supreme Court-2015 (320) ELT-A53 (50).
    - (c) 1001 vs CCF, Allahabad-2014 (200) ELT 538 (Tri-Del).
    - (d) CCF, Mumba1-R/ vs [OCL-2014 (308) LLT 502 (Tri-Mumba)).
  - (v) Further, in a recent defision, CESTAT, South Zonal Berch, Chonna, in the case of RPC, vs CCE, Colinbatore as reported at 2016 (342) L.L.F. 602 (Inf-Channa) White above the appeal of the assesses has held that Revenue confirming that picke charged from rounal bayers to be taken for valuation story goods present at lower price to marketing companies which were 1910ted 30 appellant-no evidence that marketing companies and appellant

talated to each other and mutually inveres, to make profit-in absence of any guideness of coords. Section 4(1)(h) of CLA, 1944 not  $\exp[C(h)]$ 6

- (vi) The tridicial Authorities are entirested with the responsibility of interpretation of aw and needed the dispute between harries which means that they need to not within the four contens of law. In this regard, it is to be appreciated that Horizon Supreme Court and vertous other "fan'cle 209TAT have stearly established that in case of sold to OMCs, the transaction value adopted by the respondent is correct value on which duty meds to be dispharged and therefore, the position of law is very cless. In view or this, appeal filed by the Department is liable to be rejected.
- (vii) They would like to draw attention to CBSC instruction vice F. No. 390/Misc/67/2014 10 dated 18.12.2015 wherein UBLC has directed for willylawa of cases when Suarome Court decision is available on the identics matter.
- (viii) it is settled principle of law that it cases were the original demand is not systalcable, interest county to levied. In view of the aforesald submissions, it is clear than they are not liable to pay any cuty better the question of recovering interest under section LIAB or the CEA, 1944 does not acise at all, Euritien, when the demand of duty is used staligable, the question of in posing penalty does not arise.
- B. Forsonal hearing in the matter was fixed on 23,03,2017 however, on telephonic request of respondent, the same was rescheduled on 26,03,2018 and or time. Other request the same was preported and held on 27,03,2018 which was attended by 50d V. Baddhato, General Manager Finance (Taxation). Sind Backhath appeared and attended the class objection filed by them against hath the copartment appears. Firsther, he has put forth a written submission in respect of both separtment appears. In 706 writter submission, Sind Baddhath has reterated the submission made by them in their (1993-objection filed against abovementioned department's appears.
- 9. It have confully gone through the impugned orders passed by adjudicating authority, the submission made by the appropriate department in the appeal memorands in the diversorperation field by the inspectional against the department's appeals as well as by the representative of respondent at the une of personal heating. I find that the imited issue to no decided up —

\*Whether the respondent assessee had undervalued the goods digated to other Ob Marketing Companies, at a lower rate than the sale to their own

Grant C

deplors, and thoseby evaded canonic excise outy, meatiened above, on the differential value on descences of Motor South, during the second from June 2002 to November, 2002."

- 10. It is abserved that the show pause notices a egen than the price of which the product was sold to OMCs was based on Import Ferby OMGs (IPP) and thus the assessable value at which duty was being discharged in wave of OMCs was lessen than the assessable value for sale to dealers and other customers. The hilbs agreed upon in terms of the above agreement was not at an arm's length and confirm to the transaction value as defined under Section 4(1)(a) of CEA, 1944.
- It is paserved that Impart Parity Price (IPP) represents the price that imparters would pay in case of acroal impart of product at the respective Indian aurts and includes the elements of Size on Board (ECB) price in Ocean Enright in Instrument in Sustem Duties in Port Dues, etc. In other world, the IPP is landed cost of product for the product worked out from the delity FOB price quotes of the respective product in the international market. Hence, the adjudicating authority like correctly held that the prices in the international market are by no means controlled by the respondent and other OMCs and the same can be considered as an errolled transaction.
- 13.2 Forther, it is observed that Section 4(1)(a) of CLM, 1944 for valuation of excisable goods for purpose of charging of duty of excise states that:
  - "Sortion 4: (1) Where under this Act, the duty of excise is chargeable analy exciscible goods with reference to their edge, then, or early removal of the groups such rabe shall—
    - (a) in a case where the goods are sold by the necessies, for denivery at the line and place of the removal, the assessed and the buyer of the goods are not related and the buyer of the goods are not related and the brine is the sole sole sole sole.
- 10.2.3 Promitte definition of Transaction Value given under Section 1 above. It is clear that for any sale it in estimate fallowing important characteristics:
  - (i) The assessed and buyer must not be related to each other
  - (ii) The sale price must be the sale consideration for the sale.
- 19.2.2 If is fluther observed that a parson would be treated as height if he is devered by any of the social months referred under Section 4 (3)(a)(b) to (iii) of CFA, 1944. The said sun section is reproduced below:

 $\mathbf{b}_{\mathbf{k}^{\prime}\mathbf{q}_{\mathbf{q}^{\prime}},\mathbf{q}^{\prime},\mathbf{q}^{\prime}}^{\prime\prime}$  . Assume that

# "Section 4 (3)(b): persons shall be deemed to be "painted" if -

- (i) they are inter-connected underlinkings.
- (ii) they are relatives.
- (iii) throught them the buyer is a relative and a distributor of this assessed, an elementarial relation of such distributor; or
- (14) they are so associated that they have interest, directly or indirectly. In the business of each other."

In the case of inter-connected undertaking, if the relationship as defined in the cause (ii), (iii) on (iv) of sub-section (3) of Scotlan 4 of CEA, 1964 does not exect and the buyer is also not a holding company or a subsidiary company; then the assessment approach they will not be considered related. In SICN situation, furnishment Value, will form the basis of valuation subject to satisfaction of conditions i.e. price is for delivery at the time and place of removal and the price the sud-consideration for the sate.

10.3 To the Instant case, it is passived that schools CYCs are interconnected under a kings, they are not related persons as there is no mutuality of interest in the pusiness of each other as mentioned under Social 4(3)(1) of CFA, 1946. As submitted by the respondent, it is also that the MOU entered between the OMCs was basically an enangement of exchange of petroleum products so as to make available to an GMC, i.e. the contract of sele, the Import Parity Price (149) actually paid or payable, for the sales deverse by Social 4(1)(a) or the CFA, 1944, sonstants the real transaction value for charging cardial excluding on sales to modiving OMCs. Therefore, it is linguishly context to say that (1st tecause Tiere were two different assessable values adopted by respondent tie, one (b) their own coalers and another for GMCs, the bigner price should be adopted for payable to control exclse duty. Surther, there is found in the (indings of the adjudication authority that the agreement between DYCs was the result of the directive from the Covernment of India which results in optimum distance of the macketing facilities of various OMCs and reduction in the cost of transportation.

It is further observed that the Issue Is no injury res-Integra in view of the judgement of Storisle Suprema Court in the case of Commissioner vs Rocht Reflecties Inf., as reported at 2015 (320) LLF A 23 (SC), wherein Hamble Suprema Court has dismissed the Civil Appeal No. 10886 10531 of 2010 filed by Commissioner of Control Escise, Cookin against OFSTAT's Finel Order No. 905-912/2010. The CES IAT, South Zoral Pencil, Bandalore in Its order by Collowing Its (610) decision is case of PACL vs COF as reported at 2003 (187) FLT 479 (Inf-Rang.) held thet bearances to OMCs has of an Import Parity Print to be regarded as assessable value. The CESTAT, Bangalore while passing the order in rayour of respondent assesses usagined the Hopfale CESTAT Murrital decision passing in the case of BRCL vs COCE, Nasta as reported at 2009 (242) ELI 338 (Tri-Murribal).

Page 6 of 8

While disagreeing the said decision, the CLSFA:, at para  $1^2$  of the decision, has held that:

114. We would also like to put an record that when the matter of RPC, was region before the concluste Beach in Muribal it seems that the decision of dishids) of this appeals by the Apex Court was not brought to the notice of the Beach, Rx. but as it may, it is a settled low that ance a particular year which has begin taken by the feetic and instrumental frequency fourt, nothing survives in the ease for the revenue to move unless there are a frequent set of facts. The lagis it the case before us and in the case of HPCL are identical, and in view of this we had that reliance placed by the revenue with a decision of the BPCL (supra) will not carry their case any further."

- If it is further absended that Hon'ble Tribunal, WZB, Mumber in the case of CCF Mumbal vs. Indian Oil Corporation Link-2014 (SSB) BET SB2 (In-Yumbal), while deciding the same issue, has india that 'mansaction value of Air Turbina Euclideal for Oil placeting Companies (OYCs) has ed on Import Parity Price (IPP) as per Memorand in of Understanding (MoII) accepted as assessable value by adjudicating authority. The Tribunathas further held that reasoning adopted in BPCL des6-2009 (R42) BIT 358 (This) that IPP is an additionally fixed national value is Dawed and not exceptable as IPP is actual price at time and place of import and it cannot be influenced by marketing companies in India. The Hon'ble CLSTAT, as para 4.1 of the order, has held that:
  - $1.5^{\circ}$ In particular, we have noted that para 19 of the BCPL case order relied upon. by the Revenue, it has been held that IPP bised brice comotine considered as transaction value as it was an artificially fixed nothing value. It such an agreement, whice was definitely not the sale considuration for sale. It is based on this reasoning, in was held in the BPCU sess that so a price to OMC connot be ascepted. as sole sensideration for sale. However, we find that the reasonine adopted is <u>ji gwedjas. Import Papity Price is not an artificially fixed price. It is an actual spise</u>: at the time and place of import which is also place for the sales <u>effected</u> by the <u>Refinery or GMC to another QMC. To say that such a price is an artificially fixed </u> notional value is completely contrary to faces (amport price <u>comor be infilienced by</u> the transpling companies situated to India. Therefore, there is a ignior flow in the reasoning adopted in the order raised upon by the Revenue. On the contrary, in the orders relied upon by the learned Counsel, it has been alondy help that ligarit price. agreed between one QMC and another based on the MOD resolved bytween their can be considered as a transaction value and such a forming was also be placed by the Honble Apex Court in the ruse of HPSL (suppl). This whom prevails over all ativer eccisians."

### "Emphasis Supplied"

- 12. It is also observed that CESTAT, South Zonal Bengh, Chernal in the case of BPCL vs CCE, Colonbatore as reported at 2016 (342) E.L.T. 603 (Tri-Chernal) while allowing the appeal of the assessee, at para 4 and 5 of the order, has held that:
  - \*4. So for on the relationship aspect is concerned, there is nothing on record to establish that the marketing companies whether in any way related to the appellant.

satisfying  $q_{
m p}$  of the ekonents of Section 4(3)(b) of the Gardon Exc.s. Act, 1944 . Ascordingly the relating to Section 4(1)(b) of the Central Excise Act, 1944 is antiapplicable in the present context of the enserting fundamental law relating or valuation is that the degree out that point of sale and a point of time is criteria. there is no meterial prouring by the regulariting authority to show discriminatory. nace was charged during the same little relial file same point of sale.

- In absence of any evidence to slow that the buyer and selen were mutually. interested to make approval law cost of Revakue, undervaluation of Clearances is incones vable. Accordingly, within of the outlanty below does not sustain. Appeal. is thus allowed?
- these case lews are equately applicable to the present case as the 13. thats at all those exerts are same. In view thereof, I find that the respondent had correctly accepted the Import Panty Price (IPP) for payment of ducy and the price. enoughly was the sole consideration for the sale and the sale was on propinal to principal basis, the price at which the goods were supplied to other SMCs in terms. of agreement, is the correct transaction value and Souther 4(1)(a) of the Correct Coase Act, 1944 is applicable. Therefore, I hold that the elifs no short payment of outy as the "transaction Value" based on which the excise duty was paid by the respondent assessed was in accordance with law. Accordingly, I disin's slottly the appears filed by the department as the same are following stables on merits.
- 14. Both the appraisitlied by the department stand disposed of in above. barns.
